## 2026 APPALACHIAN CARBON FORUM SPONSORSHIP OPPORTUNITIES

Your sponsorship gives us the ability to use unrestricted funds for items such as our receptions and enhanced meals for attendees, food and beverage for networking and informal discussion time, improved audio/visual resources, and any take-home materials for attendees. All of this helps to provide an outstanding environment for the forum. Sponsorship opportunities include gold and silver-level sponsorships. The levels are summarized below.

### GOLD SPONSOR: \$5,000

- One display table on the conference site
- Two complimentary registrations
- Acknowledgement on the conference website with link to your corporate website
- Signage at the conference venue acknowledging you as a gold sponsor

### SILVER SPONSOR: \$3,000

- One Complimentary Registration
- Acknowledgement on the conference website with link to your corporate website
- Signage at the conference venue acknowledging you as a silver sponsor

## Conference Information

Our third ACF event is hosted by [West Virginia University's Statler College of Engineering and Mineral Resources](#) in collaboration with Oak Ridge National Laboratory (ORNL); attendance is by invitation only. The forum will be held from March 3-4, 2026, in Morgantown, West Virginia. More information is available at the forum website (<https://acf.ornl.gov/>).

This two-day forum is the continuation of a multi-year series of meetings that brings together a diverse range of thought leaders and innovators to identify and develop energy solutions for the Appalachia region. This will be accomplished through the efficient and responsible use of Appalachian resources to provide safe, secure and reliable energy and infrastructure while building and maintaining a strong workforce for the region. This forum features discussions on the representative needs, challenges, and opportunities unique to the area—with invitees from local communities, private industry, national laboratories, academia, and government located along the Appalachian Mountains.

Sponsorship payment can be made in one of two ways. Sponsors can send a check (made out to "WVU Foundation") directly to West Virginia University c/o Clay Lohan, Benjamin M. Statler College of Engineering & Mineral Resources, 1374 Evansdale Drive | PO Box 6070, Morgantown, WV 26505-6070.

Those interested in that method should contact Xingbo Liu at [Xingbo.Liu@mail.wvu.edu](mailto:Xingbo.Liu@mail.wvu.edu) or Clay Lohan at [calohan@mail.wvu.edu](mailto:calohan@mail.wvu.edu).

Payment can be made via credit card at the following sponsorship registration page:
